

Sick Soldier Clubbed And Shot In U.S. Camp

Brutality at Camp Wheeler, Ga.,
is Described by Officer at
Senate Hearing

SLAYER WAS ACQUITTED
Soldier Refused to Work When
Sick—Wrist Was Broken
With Club; Was Shot

By United Press Leased Wire
Washington—Brutality in the army
and the killing of a soldier in this
country were described Wednesday at
the senate committee hearing on
charges of Senator Watson, Georgia,
that American soldiers were hanged
in France.

Killing of a soldier by a corporal at
Camp Wheeler, Ga., "because the
private refused to work" was de-
scribed by Marion J. Wallis, war vet-
eran of Athens, Ga.

The private, a man named Halley
of Tampa, Florida, Wallis declared,
was shot by Corporal Crawford, of
the 10th military police 1st division,
in May or June 1918.

"Halley was too sick to work," said
Wallis. "He went out and worked in
the morning. At noon he was tied by
his wrists. When he told them he was
too sick to work that afternoon a
sergeant beat him with his club and
broke his wrist. Then Corporal Crawford
shot him."

"Did you see it?" asked Senator
Overman.

"Yes," replied Wallis. "I was
standing right there."

Wallis said Crawford was tried by
court-martial and acquitted. "Then,"
he added, "they made him a sergeant
and gave him a 30 day furlough."

Wallis read a letter from C. N.
Caldwell of Sandusky, Ohio, who said
he was an eye witness to the killing
of Halley, and would like to testify.
Senator Watson produced a telegram
from James R. Milton of Chattanooga,
Tenn., who declared he witnessed the
shooting, and volunteered to appear
before the committee.

WEEPS AT BURIAL OF "CISTERN" PAIR

Stepmother is Allowed to At-
tend Services—Returned
to Jail for Trial

By United Press Leased Wire
Oconomowoc—During the brief ser-
mon at the burial ceremonies of Ruth
and Elmer Zimmerman, "cistern dead"
victims here late Tuesday afternoon,
the stepmother, Mrs. Freida Zimmer-
man, charged with first degree murder
in connection with the deaths, wept
constantly and at times became
hysterical.

After pleading with Sheriff Koebler
all morning that she be allowed to
attend the funeral, the Waushara
county authorities decided it would
be better to allow her to attend, de-
spite her precarious condition.

In company with her brother,
Louis Klug and the sheriff, she was
brought here to attend the funeral
services of the little ones at an un-
der-taking establishment.

After the funeral she was returned
to the county jail where she will be
held pending her trial.

Louis Klug was released late Tues-
day night when bail of \$1,000 was fur-
nished by his father, William Klug.

INDICT SIX FOR O'CONNOR FLIGHT

By United Press Leased Wire
Chicago—Six men were under in-
dictment Wednesday in connection
with the alleged plot which resulted
in liberation from the county jail of
Tommy O'Connor, under death sen-
tence.

Those indicted were David Strauss,
guard; Edward Darrow, and James
LaPort who fled to O'Connor. Clam-
ence Spangol, prisoner who broke his
ankles attempting to escape; and
Frank Phillips and John Graffe, who
overpowered Strauss.

"U" SCANDAL PAMPHLET SPURNED BY STUDENTS

By United Press Leased Wire
Madison—The "Nuisance," near-
obscene "squirrel print" expelling
choice bits of University of Wisconsin
scandal for the students here, pre-
pared the truth of its name Wednes-
day.

Students don't care for it. They
have said so in resolutions passed by
various organizations. The Madison
Chamber of Commerce passed a resolu-
tion which characterized the sheet as
"slandrous and prurient," and
asked for the punishment of Henry
Ringold who, the resolution said, pub-
lished and sold the pamphlet.

WISCONSIN CENTRAL TO LAUNCH SOO BOND ISSUE

Washington—The Wisconsin Cen-
tral applied to the interstate com-
merce commission Wednesday for
permission to issue \$2,200,000 of
promissory notes to be made payable
to the Minneapolis, St. Paul, Sau-
ville and Northern railroad.

RAILROAD FLAGMAN IS FOUND SLAIN IN SHACK

Minneapolis—Lawrence Hogan, 60,
a veteran railroad flagman was mys-
teriously murdered early Wednesday.
G. A. Sutherland, switchman, dis-
covered the body at 3 a. m. when he
stepped into the shack to get warm.
Hogan was lying on the floor, his body
still warm, with two bullet holes in
his head.

JEWELRY BANDITS GET \$60,000 HAUL; ESCAPE

By United Press Leased Wire
Chicago—Loot seized in the robbery
of Simpson and Simpson jewelry com-
pany, Chicago, Ill., was estimated
at \$60,000 Wednesday.

The holdup, which was staged Tues-
day night, was performed by four
armed bandits who escaped in an
automobile.

Publicity Used To Curb French Aims

British Delegation Wants to Air
Naval Controversies of Con-
ference in Open Hoping to
Abolish Use of Submarines.

By David Lawrence
(Copyright 1921, by Post Pub. Co.)
Washington—Great Britain is mak-
ing a desperate effort to take the
conference out of the meshes of private
conversation and secret debates and
force the discussion into the open in
the hope of lining the moral forces of
the world behind her demand that the
submarine be abolished.

The tactics of the British in press-
ing for a plenary session at which the
whole question of submarine warfare
might be discussed by Arthur Balfour
and Lord Lee with the entire press
present is a sequel to another and
much more significant incident in
connection with the French proposal
to build ten battleships.

The French have complained to
members of the American and other
delegations of the press campaign
conducted by the British against them
in the last few days. They insist that
the British broke faith in permitting
the public to know what the French
battleship proposals were and that it
had been agreed that this would be
kept secret as between Mr. Hughes,
Mr. Balfour and the other members
of the naval committee of the powers
in conference here.

RIDDELL A TALKER
The question of whether the British
did or did not break faith hinges
largely upon whether Lord Riddell
is an official representative of Great
Britain at this conference or simply
a private citizen engaged in news-
paper work. Every day for many
weeks Lord Riddell has received the
newspaper correspondents not only of
England but the United States and
other countries and has discussed
with the utmost abandon all the mat-
ters before the conference.

Now Lord Riddell in response to the
French attack on him and the British
for "leaking" about the French
proposals has declared that he never
was in any sense official but that he
came here solely as the representative
of the British newspaper proprietors
associations and that his primary
purpose was to assist British jour-
nalists in getting news from the British
delegation.

While performing this task he was
quite willing, indeed anxious, to have
American correspondents attend and
take whatever news he was giving
out. He didn't say he was an offi-
cial spokesman. Nevertheless it was
a fact that Lord Riddell did the same
kind of a thing at the Versailles con-
ference and has presented the British
viewpoint after the meetings of the
supreme council in Paris. He is an
intimate friend of Prime Minister
Lloyd George and is said to have been
making private reports by cable to
the prime minister separate and dis-
tinct from the reports sent by Mr.
Balfour and to the officials of the
British delegation.

He is a sort of Colonel House for Lloyd George. He
now claims his status is simply that
of a publisher.

Lord Riddell departs Wednesday
for England and when he goes there
will be a sigh of relief not from the
correspondents who have obtained so
much information from him but from
the members of the various delega-
tions who have felt ill at ease over his
anomalous position. The truth is the
French are pleased that the proposals
looked out for world opinion has
promptly caused the French to modify
their view point.

KANSAS EPIDEMIC SPOILED TRADE

Black Small Pox Caused 60
Deaths but Spread of Mal-
ady Has Been Checked

By United Press Leased Wire
Kansas City, Mo.—A "black small
pox" epidemic, declared to have been
"highly magnified" in reports cir-
culated throughout the country, has cost
Kansas City millions of dollars in
Christmas trade, the chamber of com-
merce declared Wednesday.

Official board of health figures show
290 cases of small pox in Kansas City
in the last three months. There were
about 60 deaths with a few cases re-
ported in Kansas and Missouri.

Physicians Wednesday said the epi-
demic has been practically stamped
out.

ASSAILS CHICAGO STORE IN SENATE

By United Press Leased Wire
Washington—Big importers of the
nation have landed themselves to-
gether and are spending millions to
defeat the American valuation plan
now in the tariff bill, pending in con-
gress, Representative Fordner, Mich-
igan, chairman of the house ways and
means committee, charged in a speech
to the senate Wednesday.

Fordner directed his attack against
"a large Chicago department store,
one of America's largest importers
establishments." This store, he de-
clared, "is assiduously distributing
propaganda and sending its men
about the country addressing clubs,
in an effort to mold sentiment against
American valuation."

BREWERY BOTTLER IN "GOOD OLD DAYS" DEAD

By United Press Leased Wire
Chicago—William L. Goggin, 55,
reputed to have bottled the first bottle
of beer for the Schlitz Brewing com-
pany, attempted to commit suicide
Wednesday.

He fired a bullet in his head at the
Elk club.

Goggin recently came to Chicago
from his farm at Douglas, Mich.

DROGGED FROM BED BY BANDITS AND ROBBED

By United Press Leased Wire
Minneapolis—Three bandits bound
and gagged H. Garret Tuesday night,
dragging him from his bed and left him
shivering in a hallway after robbing
him of \$214. Garret, a 40-year-old
man, was carried and soon had the
furnace under control. Cause of fire
undetermined.

STRIP MESSENGER OF SUIT; ROB BANK

By United Press Leased Wire
Minneapolis—The stolen uniform
of a messenger boy gained entrance
to the Liberty bank for a bandit and
his helper late Tuesday.

The pair forced five employees to
lie face down on the floor while they
looted the vault. They obtained
about \$3,000 in currency.

A line-up line waiting outside took
them toward town. The messenger's
uniform had been stolen from Layton
Barclay ten days ago when two men
forced him to take it off near Lake
Cathlamet and walk home in his under-
clothing. Police found no trace of
the robbers.

LIFT ALCOHOL BAN FOR MEDICINES

Milwaukee—Pharmacists through-
out the state were restored the right
to use alcohol in compounding pre-
scriptions Wednesday by the federal
prohibition department.

The action was taken according to
James A. Stone, prohibition director of
Wisconsin, because druggists in a
large percentage of state drug stores
had been prohibited from using al-
cohol in any way, as a result of the
sealing of liquor where discrepancies
were found on inspection.

A form letter was sent out to all
druggists under the prohibition de-
partment ban by Director Stone Tues-
day, giving them permission to use
alcohol in prescriptions.

'Please' And 'Thank You' Accompany Frisking By Dude Yegg Aboard Flier

New Chesterfield Bandit, Fas-
hionably Clad, Jumps from
Train to Automobile After
Taking \$1,000 for "Christ-
mas Money."

By United Press Leased Wire
Chicago—The Chesterfield bandit
who held up passengers in the ob-
servation car of the Chicago-Wash-
ington-New York deluxe train, had made
good his escape Wednesday.

The highwayman, wearing a silk
handkerchief as a mask and expen-
sive dark clothes, robbed passengers
of \$1,000 in cash and jewelry as the
B. & O. train pulled out of Chicago
Tuesday night. He pulled the bell-
rope, jumped over the back platform
and escaped in a waiting automobile.

"Please put your hands up," he
commanded police as he entered the
coach after the train had left Engle-
wood station where marines, with
orders to "shoot to kill" were on duty.
"I would rather not have any trouble
of any kind here."

LEVELS PISTOL
The bandit pointed his black pistol
at Herbert L. Stansbury, New Mexi-
co, who was traveling with his wife
and three daughters. He took
\$1,000 in cash and jewelry as the
B. & O. train pulled out of Chicago
Tuesday night. He pulled the bell-
rope, jumped over the back platform
and escaped in a waiting automobile.

"Please put your hands up," he
commanded police as he entered the
coach after the train had left Engle-
wood station where marines, with
orders to "shoot to kill" were on duty.
"I would rather not have any trouble
of any kind here."

He had completed frisking passen-
gers in the observation coach and
then told his victims, who were
huddled up at the front of the coach,
"It is quite possible that the con-
ductor of this excellent train
armed. He might come back and
try to capture me. So I'll be leav-
ing now so that none of you will be
hurt. Good night!"

This Chesterfield, new in Chicago's
criminal annals, swung over the back
of the coach.

He jumped into an automobile and
was swallowed up in the midst of
apartment houses and hotels.

Police who have been hunting the
desperado, Tommy O'Connor, started
out to capture him. "I'll be leav-
ing now so that none of you will be
hurt. Good night!"

But the "dude" was gone.
Police early Wednesday had found
out twenty three men, mostly
loiterers, in Englewood, the scene of
the robbery. They were questioned
in connection with the crime.

20 HORSES BURN IN LIVERY FIRE

By United Press Leased Wire
Milwaukee—Twenty horses were
burned to death and a loss estimated
at more than \$12,000, resulted when
fire destroyed the livery and sales
stable of A. P. Weber, South German-
town, near here Wednesday.

A bucket brigade made up of vil-
lage residents battled the flames but their
efforts were of little use. The fire ap-
paratus from Menominee Falls, near-
by city, was called and soon had the
furnace under control. Cause of fire
undetermined.

Empty Christmas Looms In Huts 'Back Of Yards'

Chicago—There was no power on
earth or good will toward men back
of the yards Wednesday.

Jackingtown, whose inhabitants
huddle in the shadow of the "jungle,"
—the world's meat center—faced a
dreary Christmas and didn't care.

Through cracks in windows, broken
during strike riots, came the reeking
odor of the packing plants.

The only unpleasantness the smell
caused was the reminder that "links"
were working in the plants where
men of the yards were employed be-
fore the strike.

Girl Leads Posse After Bank Holdup

By United Press Leased Wire
Flora, Ill.—Miss Mildred Kelly, rifle
in hand, kept vigil during the cold
night to prevent escape of bank
bandits surrounded in woods seven
miles from here.

Miss Kelly, employee of the State
Bank of Loka, which was robbed of
\$15,000 Tuesday, led the posse.

TREATY IS TOO AMBIGUOUS TO SUIT HARDING

Suggests Reservation so United
States Won't Pledge to
Defend Japan

By United Press Leased Wire
Washington—President Harding
will be urged by Republican senators
to approve a reservation to the four
power Pacific treaty making it clear
that the United States is not bound
by the pact to safeguard the terri-
torial integrity of Japan.

There were incriminations Wednesday
in administration circles in the senate
that Harding might himself suggest
that reservation when he submits the
treaty and thus iron out the difficulty
caused by his difference of opinion
with the American delegation on this
point.

At the White house, it was indi-
cated, President Harding's present in-
tention is not to attempt to force the
pact through the senate, because of
his disagreement with the American
delegates as to its meaning, but to
leave that to Secretary Hughes and
Senator Underwood.

Meanwhile, Senator Borah is de-
manding that the treaty be rewritten
so as to leave no doubt as to its
meaning.

"There is no proper reason," he said
"why the language of the treaty
should be permitted to remain so am-
biguous or nebulous."

Irreconcilable senators Wednesday
predicted that the four power treaty
would go down to defeat under an av-
alanche of adverse public opinion as the
result of Harding's statement.

FOCH IMPRESSED WITH NOBLE AMERICAN IDEALS

By United Press Leased Wire
Havre—Marshal Foch dispatched a
message to the American people
through the United Press on his ar-
rival here Wednesday. The message
read: "I bring back an expression of
a sympathetic welcome that I can
never forget. I am most touched."

"I consider America a country of
vast economic possibilities. Infinite
resources and immense realizations.
Furthermore, Americans are guided in
their movements by disinterested and
noble sentiments."

"I am glad to express to them unal-
terable affection."

STATE MEETING OF G. O. P. DEFERRED

Milwaukee—Upon request of Repub-
lican leaders in northern Wisconsin,
the state wide conference of Repub-
licans will not be held here Feb. 22.

This change was decided upon by
the executive committee of the com-
mittee of 44 in session here Tuesday.
Northern Republican leaders pointed
out that traveling due to winter
weather may not be the best about
Feb. 22 and it was decided to hold the
meeting later.

Five Murders End Trader's Hunt For Eskimo Squaw Wife

By United Press Leased Wire
Edmonton, Alberta—Five mur-
ders were revealed when a mes-
senger arrived here from Wager's
Bay, about 30 miles east of the
Hudson Bay trading post. Otto
Bonder, a trader, wanted an eskimo
squaw, but she happened to be
married and the husband and son
promised to find him another
squaw just as attractive.

The pair started in search,
killed the husband of their quar-
ry, and in turn both were shot by
a cousin and a headman of one
of the villages strangled the four
year old daughter to death be-
cause she was fatherless and was
motherless.

BLANCA DE SAULLES, CHILEAN BEAUTY TO TAKE SECOND SPOUSE

Santiago, Chile—Blanca Erva-
zquez de Saulles, the Chilean
beauty who killed her first hus-
band, Jack De Saulles, American
society man, is engaged to marry
Fernando Santa Cruz, a young
engineer.

Mrs. De Saulles' murder trial
was one of the most sensational in
New York criminal history. She
was accused of having shot and
killed her husband at his country
house, The Box, near Westbury,
Long Island, in a dispute over
possession of their child. Mrs.
De Saulles was tried at Mineola.
She claimed she had no recollection
of firing the shots. After a
hard fought trial she was
acquitted.

Extortion at London Conference is Revealed by Delegates in Dail Debate

SIGNERS PLEAD TO RATIFY
Failure to Accept Treaty Defin-
itely Leaves War as
Choice, Leaders Say

Dublin—The Sinn Fein peace de-
legates were forced by Lloyd George's
"monstrous iniquity" to sign the
Anglo-Irish treaty, George Cavan
Duffy, a delegate who signed the pact,
charged in the Irish parliament
Wednesday.

"I am not apologizing for my signa-
ture," he cried, "but I desire to tell
the manner in which the treaty was
extorted."

Lloyd George threatened the peace
delegates with war if they did not
sign, Duffy said.

"The British premier first broke
with us definitely on Dec. 4, subject
to the approval of his cabinet," Duffy
said.

"When we resumed discussion with
him later he said the conference
really had broken four separate times
so that Ireland's fate must be decided
that afternoon."

TWO MESSAGES READY
"Lloyd George said: 'I have a mes-
sage going to Belfast tonight. He
has two messages, one saying that
the treaty has been signed and the
other declaring a rupture has result-
ed—and if there is a rupture there
will be no immediate war.'

"The only way to avert this war
is to immediately affix your signa-
tures and as plenipotentiaries promise
to recommend its approval."

"You must decide by 10 o'clock
tonight."

Duffy said he did not believe the
British premier was bluffing.

"That ultimatum might have been
bluffed, but everyone who heard it be-
lieved beyond a reasonable doubt that
that time he was not playing acting."

Despite the fact that the delegates
were compelled to sign, Duffy said, he
recommended immediate ratification
of the pact by the dail.

"I reluctantly but sincerely recom-
mend passage of this treaty," he said,
"but I solemnly warn you of the con-
sequences of rejection."

SHOULD
Duffy denounced both the men who
have been attacking the treaty as a
valueless arrangement and those who
have been praising it as perfect. "He
took the attitude that as it already
has been signed it should be ratified
without further words."

"This treaty gives us real power—
military power, economic and govern-
mental power—the power to resist fu-
ture aggression," he said.

Samuel J. Dugan, who also signed
the treaty, recommended its accept-
ance by the dail but denied the dele-
gates had been coerced by Lloyd
George.

"We were sent to London to nego-
tiate an agreement with Britain not
to negotiate a republic," he said.

"I do not like the treaty but I know
the alternative—war."

"I am sure the pact will give us
full control of our country."

Good Fellow Fund Is Far From \$1,500

Christmas Fund for Needy Fam-
ilies is Boosted to About
\$600—Hundreds of Auto-
mobile Owners Still to be
Hear From.

Another day has slipped by and
the Good Fellows club still is a long
way from that \$1,500 it set out to
raise as a Christmas gift for the
needy families of Appleton. Only
three days remain in which to raise
between \$500 and \$900—a large but
not impossible task. About \$200 was
added to the fund on Tuesday, boost-
ing it to the neighborhood of \$600.

Every dollar which the Good Fel-
lows of Appleton are contributing to
this fund will go to the City Relief
society. Ladies Auxiliary of the
Catholic Order of Foresters, German
Ladies Aid society, the Ladies
Aid society and the Salvation Army
in proportion to the number of fam-
ilies they will provide for. These
societies have agreed to turn the
names of needy families on their list
to the Red Cross which will be a
clearing house to eliminate dupli-
cations. The money is to go to them
Saturday noon so that they will be
able to meet the bills which their
work of charity involves.

The Rotary club helped along the
good cause when it sent a check for
\$22 representing the Good Fellows'
share of \$192 raised at the meeting on
Tuesday when toys donated by the
Toy Company of America were auc-
tioned.

ONLY THREE DAYS LEFT
As was stated before, only three
days are left to raise the fund to
\$1,500 which is needed to give the
700 and more needy families in Ap-
pleton a little taste of what Christ-
mas means to those who have about
everything they want. It means that
there will have to be a large number
of large donations from men and
women who can afford to give. The
most noticeable thing about the mem-
bership of the Good Fellows club is
that it is mostly folks of average
means. There are mighty few of the
more wealthy men and women in-
cluded thus far. It seems that the
burden of providing holiday happi-
ness for the poor and the stricken
will fall on those who can least af-
ford to carry it.

There still are hundreds of auto-
mobile owners, fur coat wearers, busi-
nessmen, professional men, manu-
facturers, who haven't indicated a
willingness to help this cause of the
sick and the poor. If every automobile
owner gave only the price of five gal-
lons of gas it would send the fund
over the top in a hurry.

Now folks, these appeals will only
be made a few times more this year
and then the complete list of the men
and women who are entitled to the
Good Fellows will be published. It
will be interesting in that it will show
what is in the hearts of Appleton
men and women at Christmas time.
It will show who has the real Christ-
ian spirit of making others happy and
who is content with his own com-
fort and doesn't care a rap about the
poor unfortunate for whom Christ-
mas will be a miserable day.

Now is the time to get out that
checkbook and write in a substantial
figure for the Good Fellows club. You
will get more real enjoyment out of
that than out of anything else you
do this Christmas season.

U. S. OPPOSED TO EUROPEAN IDEAS ON SUBSEA NAVY

Britain and France Will Press
Demands at Conference
Despite U. S. Stand

By United Press Leased Wire
Washington—The American delega-
tion opposes granting France a top-
secret allotment of submarines or
other auxiliary craft.

The American delegation also op-
poses granting Britain a top-secret
allotment of submarines or other
auxiliary craft.

Undaunted by these facts—news of
which emanates from responsible
American sources—the British and
French were proceeding Wednesday
with plans for pressing their desires
on these points.

Hope of reaching a complete agree-
ment on limitation of naval armament
before Christmas now appears ex-
tremely doubtful.

The French were reported to want
between 75,000 and 90,000 tons of sub-
marines, but probably are ready to
fall back on second line demands for
increased auxiliary tonnage, especial-
ly in light cruisers. The French them-
selves had their intentions except to
say they planned to write their own
ticket, regardless of allotments made
other nations.

The British at Thursday's meeting
of the five power disarmament com-
mittee will stage a "rehearsal"
of their plan for total abolition of sub-
marines and regardless of committee
decisions will present to a plenary
session next week their desire for
abolition.

ference, declared upon his arrival here

AID ASSOCIATION CLOSING ONE OF ITS SUCCESSFUL YEARS

Membership Has Increased by 5,400 in Year—Directors Meet Here

The Aid Association For Lutherans now has a membership of 22,498, an increase of 5,426 over last year according to the report of Albert Voeks, secretary, which was read at the annual meeting of officers and the board of directors at the home office in the First National bank building Tuesday. The report of W. H. Zuehlke, treasurer, showed total assets of \$1,645,950.02. The increase of funds last year amounted to \$316,947.51.

The general election resulted in the reelection of C. F. Hohenstein of Batavia, Ill.; Robert A. Plogt, Milwaukee; and A. H. Scheumann, Fort Wayne, Ind., directors. Hohenstein was reelected vice president by the board. Dr. G. C. Glover of Milwaukee was reelected medical director and Otto C. Rentner of Chicago, attorney.

The death rate last year was exceedingly low, 84 out of a total of 22,498 members which is only a little more than 10 per cent of the accepted rate of the American experience table under which the association operates. The membership age was reduced from 18 years to 16 years effective Jan. 1, 1922. The directors visited the new home building and were pleased with the progress that is being made. They expect to hold their next annual meeting in their own office building. The report of the various officers showed the year to be a very favorable one. The directors were in session from 10 a. m. until nearly midnight. The only one absent was E. C. Toenbech of St. Louis, who was detained by illness in his family.

Those present were G. D. Ziegler, Albert Voeks, W. H. Zuehlke, J. P. Schoettler, Henry Hoyer, Appleton; C. F. Hohenstein, Batavia, Ill.; Dr. G. C. Glover, Milwaukee; Otto C. Rentner, Chicago; J. W. FIND HUGE TREE FOR COMMUNITY YULEDAY PROGRAM

Preparations for Erecting and Trimming Big Tree are Complete

The Christmas tree around which the community Christmas program will be held Saturday evening will be erected in Soldiers square Thursday morning. A tree was procured from a farmer living beyond Black Creek. Preparations for erecting and trimming the tree are almost complete. It was said Wednesday morning. The Langstadt-Meyer Co. has agreed to do the wiring free of charge and other organizations and individuals will give toys, money and service. A check of \$50 has been received from the Rotary club to help defray expenses.

One of the unique gifts is a winter top for a Ford car which Howard P. Buck, scout executive in charge of the program, has for sale. Mr. Buck is waiting for offers. The money will be used to defray expenses of the community program. The top was donated by the Storm King Co. which contemplates locating a factory in this locality.

The complete program will be ready for announcement Thursday or Friday. It will include music by the band, singing by children and a few short addresses.

VALLEY APIARISTS ARE MEETING HERE

Experts From State University are Principal Speakers on Program

Fox River Valley Bee Keepers association held its annual meeting in the city hall Wednesday. The program opened at 11 o'clock and continued until late in the afternoon. Among the speakers at the morning session were L. E. Whitehead, extension agriculturist of the state university, and C. D. Adams of the state department of markets, Madison.

Whitehead discussed the honey crop in the various localities of the state last year and the desirability of growing sweet clover for the bee keeping industry. Sweet clover is extensively grown in some parts of the country, but so far has not been grown to any great extent in Wisconsin. Last season, however, it furnished part of the honey crop in a few localities of the state.

Mr. Adams addressed the association on bee diseases, and in the afternoon discussed the new honey grade law. In the afternoon, Mr. Whitehead spoke on cooperation in its different phases which he considered very necessary to the bee keeping industry.

HOLIDAY HOURS AT POSTOFFICE MONDAY

Holiday hours will be observed at the local postoffice Monday Dec. 26, but there will be one delivery by the rural and city carriers on that day. Postmaster Gustave Keller said Wednesday. The stamp and delivery windows in the postoffice will be opened from 8 to 10 a. m. There will be no deliveries on Christmas day.

Local postoffice officials are not experiencing any trouble or congestion in the operation of the mail service despite the increased business of this last week before Christmas.

DEATHS

EDWARD TRENTON DIES
The funeral of Edward D. Trenton of Neenah, who died Friday after a short illness was held Monday afternoon with burial at Oakhill cemetery. Neenah. The deceased formerly was a resident of Appleton.

HENRY NABBEFELDT
Henry Nabbefeldt, Sr., 53, died at 8:29 Wednesday morning at the home of his daughter, Mrs. George Pikel, 1000 Morrison st. after a long illness. The funeral will be held at 9 o'clock Friday morning from St. Joseph church with burial in St. Joseph cemetery.

The decedent is survived by two daughters, Mrs. George Pikel of Appleton, and Mrs. Peter Schwabach of Sauring, Wis.; one son, Henry, Jr., of Appleton.

CLASS OF 25 TAKEN IN YOUNG MENS SOCIETY

Between sixty-five and seventy-five men attended the regular meeting of St. Aloysius Young Mens society of St. Joseph church Tuesday evening in St. Joseph hall. Twenty-six candidates were initiated into the society. Members who were initiated at the anniversary celebration formed part of the class.

Plans for the organization of a basketball team were made and it was voted to begin practice Thursday evening in St. Joseph hall. A team will be picked as soon as possible.

You Have To Hurry If You Want To Be A Good Fellow

One of the most pleasant tasks of the man who is writing all these appeals for the Good Fellows club Christmas fund for the needy families of Appleton is to give the list of Good Fellows to the printer each morning and tell him that there is a list of the best people in town. It would do you a lot of good, too, if you would look over this list and then make up your mind to add your name to it. You can purchase membership in this fraternity of Good Fellows by tearing out the blank printed here with and returning it, with your contribution, to the Good Fellows club editor of the Post-Crescent. Just try it and see how much better you will feel after you have done something for those who can't help themselves.

Did you ever help an aged lady across a crowded street, or direct a helpless blindman when he got himself all twisted in directions at a street corner and then experience that feeling of something well done that burns inside of you? If you have never had that kind of a feeling you have lived a mighty empty life and it is time you do something to merit it. One way to do it is to hustle along that membership in the Good Fellows club and join this list of Good Fellows printed here.

WAR VETERANS TO ATTEND FUNERAL

Members of Oney Johnston post of the American legion will meet at the Elk club at 9 o'clock Thursday morning when they will march to St. Joseph church where funeral services will be held at 9 o'clock for John Hoehler, who was killed in the Argentine woods during the drive of October, 1918. His comrades of the Rainbow division will act as pallbearers.

WOOLEN MILL GIVES TURKEY TO WORKERS

Appleton Woolen Mills will give each of its employees a turkey again as a Christmas gift, a custom it has followed each year for nearly sixty years. The plan was adopted during the early part of the Civil war by J. W. Hutchinson.

Originally the turkeys were given at Thanksgiving time, but since F. J. Harwood became a member of the firm in 1878 they have been given out at Christmas time.

The company was originally known as Spaulding and Brewster and later as Hutchinson, Fay, Bullard and Robinson and then as Hutchinson & Co.

Mr. Harwood entered the employ of the firm in 1875 and two years later became one of its members. In 1881 the plant was destroyed by fire and since the reorganization of the company at that time it has been known as Appleton Woolen Mills.

Mrs. Thomas Pickett and daughter Mary of Dayton, O., are visiting Mrs. Pickett's parents, Mr. and Mrs. Charles Coates of Grand Chute.

Members of the H-Y club will hold their regular meeting at 7:30 Thursday evening in the Y. M. C. A. when Harlan Jackbert and Alden Behnke will give reports on the Older Boys conference which they attended as Appleton delegates. Final plans will be made for the Christmas party which will be held for three days at the S. W. Murphy cottage at Lake Winnebago during the holiday vacation. The business meeting will be followed by a social hour.

ROTARIANS ARE GOOD FELLOWS TO CITY'S POOR KIDS

Toy Company of America Donates Toys Which are Sold for Benefit of Poor

Rotarians turned their weekly luncheon Tuesday noon in the Y. M. C. A. into a Santa Claus festival which through the generosity of Fred Felix Wetzel, means that \$192 will be spent to make some of the less fortunate families of the city happy.

Mr. Wetzel, who is an official of the Toy Company of America, donated to the club approximately 100 toys, one piece of each kind made in the toy factory. With Joseph Koffert acting as auctioneer, the toys were auctioned to the members, with the understanding that the proceeds would be used to spread holiday cheer.

Bidding was lively and money was accumulating fast as one toy after another was disposed of. There was \$192 in the fund when the last article was sold. Many of the Rotarians gave their purchases to Howard P. Buck, scout executive, to add to the toy collection which will be distributed to less fortunate children.

The fund of \$192 will be divided so that \$50 goes to the community Christmas tree, \$50 to two destitute families and \$92 to the Good Fellows club.

Judson G. Rosebush was scheduled to speak, but the auction consumed the entire time and his address therefore was postponed until later.

REPEAT EXAMINATIONS FOR U. S. POSITIONS

Because there were too few applicants for examinations given by the civil service commission in Appleton recently for domestic science teachers, Indian service, fish culturists, telegraph operators, and department and field service, these examinations will be held again in Appleton on Jan. 18, according to Assistant Postmaster H. J. French.

Persons interested in these or other examinations should apply to the secretary of the United States civil service board at the local postoffice for detailed information and application blanks.

Speaks in Oshkosh
Dr. D. O. Kinsman of Lawrence college was the speaker at a meeting of the Candlelight club at the Tremont hotel in Oshkosh Tuesday evening. E. S. Smith of Oshkosh, also addressed the club. A discussion of the business outlook for 1922 was held.

Sugar Prices Hold Steady Dealers Say

From 25 cents to 6 and 7 cents a pound is the drop sugar has taken since the peak prices of 1920. Prices of 6 1/2 cents a pound up to 7 are prevailing in Appleton at the present time. A small reduction is made by some stores where a dollar's worth is bought but in most cases the same price is quoted on the larger amounts as is quoted by the pound.

Wholesale prices vary from \$5.70 to \$6 per 100 pounds for cane sugar. Housewives will in all probability have to wait some time before they will hear the old cry of "twenty pounds for a dollar." The best bargain of the day in sugar reads "seventeen pounds for a dollar."

MUSCLES FELT AS IF TIED IN KNOTS

Milwaukee Man Says His Joints Swelled Until He Thought The Skin Would Break

"Only a man who has suffered like I did can understand what a blessing good health is, and since I owe my recovery entirely to Tanlac, there's no adequate way of expressing my gratitude to the medicine," said Otto C. Mantel, 3212 St. Paul Ave., Milwaukee, Wis., a well-known employee of Milwaukee and St. Paul railroad.

"For two years I had rheumatism and stomach trouble, and the way I suffered was simply terrible. The rheumatic pains in my right side would run from my arms down to the very tips of my toes, and at times my arms hurt so bad the muscles seemed to draw in knots, and I actually couldn't raise my hand to my face. My right knee and ankle often swelled until it seemed that the skin would break. My stomach gave me lots of trouble, and after meals I just bloated all up and was in misery for hours."

"Seeing by the papers how Tanlac was helping others, I started taking it, and much to my surprise it has relieved all my troubles after everything else I had tried failed to do me any good. That rheumatism has disappeared, and my appetite and digestion seem better than ever before, and I've gained considerably in weight. Tanlac certainly is a wonderful medicine, and I am glad to tell others what it has done for me."

Tanlac is sold in Appleton at Voigt Drug Co. and by leading druggists everywhere.

SIX MEN SEEKING POSTMASTER JOB

Applications for Appointment are Filed With Civil Service Commission

It is said on good authority that six men have made application for appointment as postmaster in Appleton to the United States civil service commission at Washington, D. C. The time for making application expired Tuesday night.

The papers, it is understood contained all necessary information as to the qualifications of each applicant which will be gone over thoroughly by the commission whose next move will be to send representatives here to interview leading taxpayers of Appleton as to the merits of each, after which a selection will be made.

Because of nearness of the holiday season it is not expected that any action will be taken in the matter until after Jan. 1, 1922. The applicants filled out and forwarded their examination papers direct to the commission.

FIDO MUST WEAR LICENSE TAG OR CHANCE SHOOTING

Several Changes are Made in Dog License Law, City Treasurer Explains

Every dog in Appleton must be licensed during the month of January, or not later than Feb. 1 under the new state law, F. E. Buchman, city treasurer announces. Receipt of fees at the city hall means that the police pension fund will be augmented by a neat sum which the law directs shall be appropriated to this account.

Average fees for male canines are \$1 a year, and \$2 for females.

There are several provisions in the law with which the dog owner should be familiar, Mr. Buchman says. The burden of the law is that owners of chickens, stock or other possible prey of dogs must be protected against losses. The right is given, in some cases, to shoot dogs at sight. License includes the privilege of letting dogs run loose from sunrise to sunset. They must be chained or locked up after that time unless they accompany the owner.

Below Mr. Buchman gives a digest of the law, showing its several provisions.

Fees for dog licenses will be \$1 for each male and spayed female, and \$2 for each female dog.

Under the new state law, prosecution is demanded in all cases where dog owners fail to procure licenses prior to Feb. 1.

All dogs over six months of age require a license. Any dog becoming six months of age after Jan. 1 does not need a license until the following year.

A kennel owner should apply for a kennel license, \$20, in lieu of issued for each dog in kennel.

In case of sale, license is transferred with dog.

Dog owner liable to fine of \$5 to \$50 for not complying with law.

Dog owner liable to county for damages done by dog—also must pay court costs.

Any person may kill a dog, or restrain an unlicensed dog and deliver it to a humane officer, constable, marshal or policeman.

Any person may kill dog, whether licensed or unlicensed, if found killing livestock or fowl. A report in writing must be made to the town, village or city clerk in which dog is killed, giving details of the case and the name and address of persons who killed the dog.

Keep dog on premises from sunset

Dance and big time at Neenah Armory Friday, Dec. 23. Music by Bungalow Jazz Orchestra, 7 piece, featuring 2 banjos. Price 35c admission.

to sunrise. Any dog found off of premises of owner between hours mentioned above, and unaccompanied by owner or some person in control of it, shall be considered unlicensed and a nuisance and may be disposed of in compliance with law.

Any dog unaccompanied by its owner or keeper which enters the field, pasture, meadow or farm enclosure of another shall constitute a private nuisance and the owner or tenant of such field pasture, meadow or farm enclosure may seize, impound or restrain such dog while therein without liability or responsibility of any nature therefor.

When applying for license give name and address of keeper or owner; sex, breed, age, color, and marking of dog.

CHRISTMAS CANTATA TO BE OFFERED ON SATURDAY

A group of young ladies of the Memorial Presbyterian church will present the nativity play "The Twelfth Night," at 8 o'clock Saturday evening in the church, as their Christmas present to the congregation. The play is under the direction of Mrs. J. H. Melnich and Miss Constance Johnson. The cast follows: Shepherds: Ruby Moody, Maxine Cahill and Amelia Greinke. Three Wise Men: Dorothy Murphy, Margaret Bond and Alara Vaughn. Mary: Evangeline Wirick. Herald: Catherine Pratt.

Not Superstitious But Won't Take Any Chances

Are these very modern twentieth century girls still swayed and influenced by the same absurd superstitions that had such an important place in our grandmothers' lives? Evidence indicates they are.

Two young women, waiting for a street car at the corner of Oneida-st. and College-ave., bearing all the marks of school life with their books and galoshes, were having a tete a tete when a nosy reporter went by. This is what she heard:

"Really, dear, you ought to have your hair clipped; it would make it grow much better," said one of them. "Oh, I'm going to," replied her companion, "but I'm waiting for the moon to be right when I do it."

We Buy Logs and Bolts at our Yard at Appleton or Seymour; also F.O.B. cars. For particulars Phone 2510 or call at office.

KONZ BOX & LUMBER CO.

And they weren't joking.

You remember the days when every one had his fortune told in the tea cup? Sounds funny now, doesn't it? But the coeds standing in front of a local store, discussing the merits of a palmist that one of them had discovered, were serious about it.

Just notice the people who go around the ladder that you see placed across the side walk. You will find that youth still has a regard for the old superstition that had luck lurks in the path of those who walk under a ladder.

Lawrence girls pooh-poohed the suggestion that superstition had not been entirely eliminated from the minds of the modern generation. With almost one voice they shouted an emphatic "no" when they were asked directly if they were superstitious.

But one young woman was forced to admit that she would never dare

wood to rap when her good fortune was under discussion.

While they wouldn't admit it "for publication", most of the girls placed considerable faith in the horse shoe as a harbinger of good luck. One freshman miss declared she was sure of a Lawrence victory over Ripon in the recent football game because she suddenly found herself standing on a horse shoe while watching the battle. She didn't want to say that the horse shoe was directly responsible for the victory but she has a shy notion that it had something to do with it.

HAVE 18 MONTHS TO ASK FOR AID

Vocational Rehabilitation Act, Affecting Service Men, is Changed

An amendment to the vocational rehabilitation act provides that any person entitled to vocational training must make application for it within 18 months from the date of the approval of the act, which was June 16, 1921, according to a circular received by the Red Cross.

Applications for training under this act cannot be considered unless such applications are submitted prior to Dec. 16, 1922. Officials of the local Red Cross center request all persons entitled to vocational training to make application for such schooling before that date.

Persons assigned to a school for vocational training must start school within one year after the date of assignment, unless the person is not able to because of physical condition, said a Red Cross official. Any person who had started vocational training and stopped prior to the end of his course and who has been employed will be considered ineligible for further training until such person has been passed upon as a new case, the amendments to the act provide.

8 To 7 Are Office Hours At Postoffice

Dear Sir: Hello. Is this the postoffice? What time do you open up in the morning? How late are you open tonight?

On top of the multitudinous activities accompanying the Christmas mailing is heaped the necessity of answering these questions by telephone many times a day at the postoffice.

Postmaster Gustave Keller wants people to fix it firmly in their minds that the office and service windows open at 8 o'clock in the morning and close promptly at 7 o'clock every night.

The requests for information are understood to come largely from people who seldom send out mail through the office itself but use the corner mail box, but are obliged to take packages to the federal building.

Clubs and Parties

Old Fashioned Party
Shamrock troop of Girl Scouts are making many plans for their old fashioned dancing party to be given at Columbia hall on Friday, Dec. 30. Among the old fashioned numbers which will be put on during the evening are "Pop Goes the Weasel," "Money Musk" and "Old Dan Tucker." The party, although planned largely for the entertainment of the older people who prefer square dances, will also have many features of interest to the modern dancers.

The program will include a scout ceremony as an opening number followed by a grand march, led by the Misses Harriet Long and Dorothy Calnan in colonial costume. During the intermission, the Misses Doris Hoffman and Rosalyn Harbeck will dance a colonial dance in costume. Miss Helen Gilman will also dance the Sailor's Hornpipe.

Impromptu Christmas Party
The regular meeting of Troop 3, Girl Scouts at Appleton Womans clubroom on Tuesday evening turned into an impromptu Christmas party when the members of the troop presented their leader, Miss Eleanor Halls, with a basket of fruit as a Christmas offering. The girls staged their presentation by getting Miss Halls out of the room to superintend the making of candy. She returned to find all lights out except those in one floor lamp under which was the basket. Games and music occupied the rest of the evening.

Radike-Rath Wedding
The marriage of Harvey Rath, Black Creek and Miss Della Radtke, daughter of Mr. and Mrs. Henry Witt, Freedom, took place at 2 o'clock

What could be more refreshing to the tired shopper than Mory's Eskimo Pie? Delicious ice cream with a milk chocolate coating.

Tuesday afternoon in St. Peter Lutheran church of Freedom. The Rev. G. Dettman officiated at the ceremony. Miss Olga Radtke, sister of the bride, was the bridesmaid and Arthur Radtke was the best man. Mr. and Mrs. Rath will make their home in Black Creek for the present.

Novel Christmas Party
More than 60 members of the clubs and classes of Appleton Womans club attended the party given for them at Appleton high school by the gymnasium classes on Monday evening. A Christmas tree and a visit from Santa Claus occasioned much Christmas joy. As one of the stunts of the evening, Santa made each guest do a trick, say a rhyme or sing a song in order to earn her pop corn ball.

T. M. T. M. Club Meeting
A visit from Santa Claus, a Christmas tree and everything "Christmas-like" will feature the party of the T. M. T. M. club at Appleton Womans clubroom Thursday afternoon. Besides a program of games, the girls will have the regular social meeting of the month.

Country Club Dance
The annual New Year dance of the Appleton Country club will be held in the Equitable Fraternal Union building at Neenah Wednesday evening. Music will be furnished by Thompson's orchestra of Madison. The party a year ago was held in the Elk club, Appleton.

Surprised on Birthday
Friends of Mrs. Richard Pardee surprised her at her home, 514 Commercial, on Tuesday evening in honor of her birthday anniversary.

WOMEN AND GIRLS ARE GOOD FELLOWS TO CITY'S NEEDY

Many Families Will be Provided With Christmas Cheer by Small Groups

The Spirit of Christmas is the same spirit known as Service at other times of the year, at least, it is with many clubs and organizations in the city which are busy spreading Christmas cheer to many deserving families in Appleton. Besides the work which is being accomplished by various charitable organizations in the city, clubs, Sunday school classes and small groups of individuals are asking the Red Cross for someone for whom they can do something.

Perhaps more than those for which Christmas cheer is provided, do the clubs appreciate the chance to do for others at Yuletide. The service rendered by these groups varies from furnishing dolls for the girls and sleds for the boys to making outfits of night clothes for a whole family. One of the most festive services which is being planned by two or three organizations is the transporting of Christmas trees to homes. The trees will be accompanied by their donors who are anxious to see the fun.

The clubs and groups which are known to be doing a definite Christmas service are Appleton Girls club, groups from Appleton Womans club including the Girl Scouts who will provide individual boxes for the people at the City home, a Campfire group which is making clothes for a large family, the junior guild of the Episcopal church, city service department of the college Y. W. C. A., fifth and sixth grades of the Lincoln school, Novel history club, several churches and their various Sunday school departments. Countless other organizations and individuals are providing useful and much needed gifts to those who are unfortunate enough not to be able to provide for those whom they love.

Winter Rides In On Crest Of Cold Wave

Old man winter arrived in Appleton today on the crest of the coldest wave of the season. Thermometers in Appleton and surrounding territory this morning registered all the way from 4 to 15 degrees below zero. The Schleifer thermometer, which is regarded as "official" by a large share of the population, registered 6 below zero at 7 o'clock.

Telegraphic dispatches on Tuesday told of a cold wave which was spreading over the Rocky Mountain region and was traveling east. It is probable that this is part of that cold wave and that it will soon reach the Atlantic coast.

Children Enthused Over Music Memory Contest

Interest in the music memory contest to be opened in the public schools and some of the parochial schools on Jan. 9 is running high. Most of the schools have already purchased phonograph records for 20 selections to be used in the contest, while others will have theirs in readiness for the opening of school after the Christmas recess.

Children in the schools are also showing a keen interest in the coming contest which is to be conducted by the supervisors of music under the direction of the music department of Appleton Womans club. Any child in the seventh or eighth grade in the city who wishes to enter the contest, though the school which he attends does not take part, may do so. Music dealers have agreed to play the records for any one who is interested in hearing them and a review of all music given up to date will be given every Saturday morning at Lawrence Conservatory of Music.

which will enable the children to become more familiar with them outside of school. Cooperation of the schools with the music department and of the dealers with both of these is already making for a successful contest. Big plans for the final contest concert are still being worked out and each day prizes are being added to the list which will be published immediately after Christmas.

MISSING JANITOR SEEN IN ILLINOIS

Eau Claire Church Custodian
Flees When Charged With
Statutory Offense

Eau Claire—Adolph Schultz, 60 years old, who disappeared Saturday night, was in Dundee, Ill., early on Monday, according to a message received from the bank there, stating that he had visited that institution and drawn out \$125 of money he had on deposit there. Where he went from there was not known, it was stated. Just before he disappeared Saturday night Schultz came home pale and agitated, saying that a neighbor was trying to implicate him in a statutory crime against his 8 year old daughter. The man told the police when questioned that he had called Schultz to the house and accused him of attacking the girl. He refused, however, to swear out a warrant against Schultz on the grounds of the attendant publicity. Schultz was janitor of the North Presbyterian church here. After telling his wife about the charge he started out, saying he was going to the meat market. He has not been seen here since.

SCOUTS DECIDE TO AFFILIATE WITH APPLETON

Kaukauna Men Unable to Give
Enough Time to Keep
Council Going

Special to The Post-Crescent
Kaukauna—The Kaukauna second class Boy Scout council passed out of existence at a meeting of the members of the council Tuesday evening in the Red Cross rooms, and it was unanimously voted to affiliate the council with the Appleton first class council. Under the leadership of the executives from the neighboring city, it is expected the local organization, which at present is in a rut, will thrive.

About a dozen men, representing the council attended the meeting. The present status of the Kaukauna council was discussed and it was revealed that the present leaders of the organization are not in a position to spare the necessary time.

The question of forming a first class council and engaging a full time executive was discussed. It was generally agreed that it would be impossible to attempt such a plan. A first class council would require a budget of \$3,000 or \$4,000 yearly and no such sum could be raised here, the men said, for scout work.

KAUKAUNA WILL GAIN
Just what Kaukauna's place in the Appleton council will be is not definitely known. Kaukauna will be required to pay toward the yearly maintenance budget. Local activities will be conducted the same as usual. Meetings will be held under the management of local scoutmasters. Kaukauna will gain an advantage in that the Appleton executives will be bound to use their knowledge of scouting for the benefit of the scouts in this city.

In the event that a county council is formed, the resulting competition between the several separate locals will be fine for athletic meets and scouting contests, it was said.

Frank Charlesworth, Jr., chairman of the meeting, read the test requirements which each boy must pass in order to be ranked as tenderfoot, second or first class scout. About 45 boys are at present enrolled as scouts. There are no first class scouts although several of the youngsters have declared themselves ready to take the first class tests. A few of the boys have satisfactorily passed all the requirements with the exception of semaphore signalling. The candidate for first class scout must be able to send letters per minute.

Most of the scouts are either second

will be in a position to discard their old dog eared, wornout telephone directories about the last of January or early in February, according to an announcement from the local exchange Tuesday. New directories are being printed.

The new books will differ from the old in that the names are numbers will be printed in two columns on a page. The last books were issued in November, 1920. The local exchange has approximately 740 stations, including city and rural telephones.

APPLETON PLAYS THURSDAY
The Fox club basketball team has scheduled a game with the Enterline Scouts of Appleton to be played Thursday evening at the auditorium. It will be the club's second game of the season. The men have been practicing regularly and are in better shape than last week when they were defeated by the Menasha Golden Rules. The Enterline team is newly organized but is composed of experienced players.

BIG CROWD AT PLAY
Proceeds of the play, "An Old Maid," presented Monday evening in the assembly room of the high school

by the social problems class amounted to \$25.70. The money will be turned over to the fund for the Christmas baskets for the poor. The play was well put on and showed the result of hard work on the part of the actors. The high school boys double quartet sang several selections and was well received.

BURNED ABOUT FACE
John Brogren, Forest Junction, was brought to this city for treatment Monday afternoon after an accident in which he was seriously burned about the face in a gasoline explosion. He was repairing a gas engine when a short circuit caused an explosion of the mixture after the spark plug had been removed and Mr. Brogren received full force of the explosion in the face.

Mr. and Mrs. E. R. Cook, entertained at dinner at 6 o'clock last Friday evening at her home on Catherine street, in honor of their second wedding anniversary. Fourteen friends were present.

PUPILS GIVE PROGRAM
A Christmas program was given at 8 o'clock Tuesday evening in the eighth grade room of Nicolet school by pupils of the first third and fifth grades. A large number of parents and friends were present. The program consisted of songs, recitations and a cantata.

A regular meeting of Holy Cross court, No. 202, Catholic Order of Foresters was held Monday evening in Forester hall. Routine business was disposed of.

COURTS TO DECIDE SEARCH WRIT NEED

State Supreme Court Will Hear
\$10,000 Suit Against
Bloodgood and Henning

By United Press Leased Wire
Madison—Searching licensed soft drink parlors has become dangerous for prohibition officers. The \$10,000 damage suit brought by H. Silber, Milwaukee, against State Officers C. R. Bloodgood and Carl Henning, on which cause for action was allowed by Circuit Judge Gertz there, will be appealed to the state supreme court, Assistant Attorney General Messerschmidt said Tuesday.

The officers broke in to Silber's bar without a search warrant after he had refused them the key. Judge Gertz overruled the state's demurrer under the provisions of the Severson act, which declares a search warrant necessary to search for liquor.

In all previous cases, however, licensed soft drink parlors have been considered an exception to the "search warrant" clause of the law, according to state prohibition officers here. A decision will probably not be reached by the high court until February.

**\$13,000 ADDED TO
COUNTY'S INCOME**

County revenues have been increased \$13,519.82 due to the work of J. A. Lonsdorf, county assessor of incomes. This amount is the tax on incomes that were not reported by individuals and corporations and which were discovered by the assessor. The net income reported to the assessor was \$909,940.35. The tax on unreported incomes will be divided into the following classes: Normal, \$11,467.04; soldiers educational bonus, \$1,123.40; teachers retirement fund, \$929.38.

CONSTRUCTION OF NEW BUILDINGS IS HALTED BY COLD

Aid Association for Lutherans
Structure is Being In-
closed With Brick

Building operations throughout the city have continued uninterruptedly until the present cold wave which it is expected will not be of long duration. Work on the Insurance building of the Aid Association for Lutherans has been carried forward rapidly for the last two months and the walls are now up a sufficient height to satisfy the most skeptical that the building is to be one of the most handsome in the Fox river valley. The concrete frame work and floors were completed early in December. Construction work has progressed so favorably there is every reason to believe the building will be ready for occupancy before the end of the next year. Quite a number of offices have already been leased.

The new Brandt building on the opposite side of Superior-st. is now occupied by its owner, who has been moving his garage equipment into it for several days. The entire structure will be used as a sales room and garage.

The walls of the new building of Fox River Garage Co. immediately east of Hopfensperger Bros.' meat market are nearing completion and with favorable weather the building will be enclosed within the next thirty days.

The new office building of Alderman A. W. Laubs which has just been erected in the big ravine on the south side of College-ave. will be ready for occupancy shortly after New Years day.

The C. R. Meyer & Sons Co. which is building the new St. Elizabeth hospital has discontinued construction work until next spring.

New Style Haircuts Boom Business For Barbers

New styles in haircuts, by which members of the male sex wear hair longer is just the thing that makes better business. Barbers agree that young men need to get all "trimmed up" more often so that the long hair will not give the impression to members of the other sex that the cost of hair-cutting is beyond their pocketbooks.

"We find that about 75 per cent of the people who have beards shave themselves but the number of haircuts has not decreased and we are inclined to believe that business is better than it has been," said A. A. Cizmacher, manager of the Cozy barber shop.

BRACELET WATCH SPECIAL

20 Year Guaranteed Gold Filled Watch Bracelets, with extra ribbon bracelet, while they last at \$14.00

CARL F. TENNIE, Jeweler,
970 College Avenue

C. L. Plaash, proprietor of the Appleton hotel barber shop, said business is much better now than it has been even if the number of men who shave themselves, has increased.

"I do not find business is slackened because of the new-styles in hair-cutting as styles call for more trimming of the hair," he said.

"Although the men wear their hair longer because of the new styles, there is no decrease in the number of haircuts in our shop," said John Hertel of the Sherman house barber shop. He said the number of shaves has decreased during the last year.

Barbers are agreed the prices charged for their work is not too high and should not be lowered with the cost of other necessities. They claim the former prices were much too low.

SPECIAL TRAIN FOR UNIVERSITY STUDENTS

Appleton young people who are attending the University of Wisconsin will arrive home between 6 and 6:30 Thursday on a student special train being run between Madison and Green Bay. The train will leave Madison at 1:15 Thursday afternoon, making its first stop at Jefferson Junction. The train will arrive in Appleton either before or after the regular 6:12 train. No students who live between Madison and Jefferson Junction will be loaded on the special.

A returning special for university students will leave Green Bay on Monday, Jan. 2. It will come to Appleton as the first section of the 3:45 train.

Eleanor Mehl Berger left Friday for New York and Philadelphia where she will spend the holidays with her husband.

AVENUE NEWSIES ORGANIZE SOCIETY

Paper Vendors, Elect Officers
and Make Plans for Basketball Season

Ralph Wentland was elected president of the Avenue Newsies club, at the organization meeting at 7:30 Tuesday evening at the Y. M. C. A. The club is open to all news boys of Appleton who sell papers on the streets. Nine charter members form the nucleus of the organization. Other officials elected are: Edward Kaminsky, vice president; Charles Namschek, secretary; Henry Boehm, treasurer.

The business meeting was followed by a social hour and marshmallow roast. It was voted to hold regular weekly meetings each Tuesday evening in the Y. M. C. A. A basketball team will be organized and a captain selected at the next meeting.

EXPECT BIG CROWD AT ELKS NEW YEARS DINNER

Local Elks will celebrate New Years eve in grand style. It is almost certain that every place at the midnight dinner will be applied for as the reservations are coming in quite fast, according to the banquet committee. Of the 600 members of the club who received invitations it is believed many will be disappointed because only about 150 couples can be taken care of.

H. Coleman of St. Paul, Minn., was an Appleton visitor Monday.

One Suicide On Police Records For This Year

Suicides no longer are popular methods of ending lives in Appleton, according to Chief of Police George T. Primm, who said only one person chose to end her life in this manner during the last year. This is somewhat less than the average for several years just preceding, when each year found two or three taking their own lives.

There have been many ways in which persons have committed suicide in Appleton, but there was nothing unusual in the manner the one person ended her life this year. The person referred to was a married woman from Illinois who came to this territory to gain her health. She grew dispondent and ended her life with a 22 calibre rifle at a camping sit a few miles from the city last September.

CROWDS DOUBLED LAST NIGHT

Although the merchants considered Monday night a very successful opening of the cooperative week of Christmas evening shopping, the crowds of Tuesday night practically doubled the previous evening in numbers. Shops on the avenue were crowded right up to the closing hour and in many cases found difficulty in handling such a number of purchases.

In spite of the fact that the evening was marked by one of the lowest temperatures of the season, College avenue was thronged with holiday shoppers. The interurban cars were packed to capacity on every trip, bringing many people in town who seldom come this far.

No one class of articles seemed to have preference in the second night's

shopping and all stores were equally busy. The various toy sections reported a record night and many of their larger and more expensive toys were purchased.

The specialty that the men's shops offered brought large numbers down town for these items alone. Attractive prices on sweaters and ties found a ready response.

Department stores were crowded and found it necessary to have outside assistance in handling the crowds.

Tuesday evening conclusively demonstrated the success of this first cooperative event that has been staged and handled by the merchants without outside assistance. Plans are already being laid for a similar move next year. Customers are equally enthusiastic over the idea.

Men Buy Gifts Now

The last week is ever the time when men select their Christmas gifts. Last night saw many purchases of women's wearables and other feminine gifts.

Silk underthings and fine negligees are popular for these presents as well as gifts of jewelry and household furnishings. Department stores have experienced a large sale of purses for this purpose.

The younger men are beginning to buy the customary gifts of candy and perfumes and orders are pouring into local florists for holiday blossoms.

DEPARTMENT STORES RUSHED

Department store people scratched their heads last night and wondered where in the world the people came from. Aisle-ways were packed to capacity all evening and clerks were kept busy in handling a tremendous number of sales.

Mr. Mullen of Geene's expressed the belief that the sales of that store last night were a great deal in advance of any similar period of last year's Christmas season. Other merchants told of the same experience.

The Pettibone-Peabody building was crowded from the basement section straight through to the upper floors.

J. D. Steele said that the proportion of out-of-town customers was very large and exceeded his expectations.

Gloudehans reported a busy evening at that store and found a ready response to their special offerings for the evening.

Slippers Are in Demand
Shoe stores are endeavoring to keep up with the demand for boudoir slippers, mules and D'Orsay's for Christmas givings. The cold nights have evidently occasioned a number of hints on the subject. Mr. Heckert also commented on the sales of hosiery and fancy footwear.

Confectioners Busy

Locally-made candies are developing an unprecedented popularity here this year. Confectioners are packing holiday sweets of their own making in attractive containers and find it difficult to keep up with the demand. The old-fashioned "candy" canes and other typical holiday confections have returned to their old popularity. Many stores that purchased a moderate stock of the "hard" candies have found it necessary to hastily secure additional stocks to keep up with the demand.

Standard brands of chocolates and bon bons are selling rapidly and prophecies are for a sweet Christmas.

TWO MORE SHOPPING NIGHTS

The "Eleventh Hour" is rapidly approaching, when Christmas presents will be opened instead of purchased. Friday night is the last SHOPPING EVENING, for the stores close at six o'clock on Saturday.

With the time so very short, many of the local stores are securing fresh new stocks for the last minute shopping that is unavoidable. Many new displays are expected to arrive tomorrow, many will be on display tonight. This is a service that evening shoppers will appreciate and the new pieces will be quickly snatched up. All stores are endeavoring to make

the final rush hours as convenient for shoppers as possible. Many are making special displays of the most desirable of remaining stocks and these are found to be of the greatest help, to those in search of suggestions.

The real test of service comes at this time in the season rather than at the start of the holiday shopping—and Appleton stores are making heroic efforts to justify the approval of their patrons.

With delivery services taxed to the utmost, customers are requested to carry moderately sized bundles when ever possible. This cooperation will make an immense amount of difference in the last days' deliveries.

BASKETBALL LEAGUERS PLAY NEENAH TWICE THIS WEEK

FIRST GAME IS TO BE PLAYED AT NEENAH TONIGHT

Neighbor City Boosters Coming Here for Return Game on Thursday

Basketball fans of the Fox river valley will center their interest on Neenah Wednesday night when Appleton and Neenah teams of the Wisconsin basketball league meet for the first time this season. The teams now are tied in the league race with two victories each. One squad is sure to be sent down the ladder into fourth place after the game.

On the following night Neenah comes for a return game in Armory. Manager George Dame expects to use Basing, Stark, Normington, Kubitz, Taylor, Walpole and Kammerer in the two games. Stark probably will be started at center, Kubitz and Basing at forwards and Normington and Taylor as guards. This is the combination which defeated Two Rivers and is counted to down the rapidly advancing Neenah Boosters.

Two Rivers meets the tall and Oshkosh team next Friday evening at Two Rivers. Green Bay and Fond du Lac are scheduled to clash on the latter's floor on Saturday night. Green Bay has won only one game so far this season and lost two while Oshkosh has won one and lost three.

Action of the league directors last Saturday night in refusing permission to Elliott to play in the league was released by Green Bay has made a good impression with the fans who now are convinced the league is not to be a stamping ground for professional players who are out just for what money they can get out of playing.

SIX BASKETBALL LEAGUES WILL BE FORMED FOR KIDS

Every Boy in the City is Eligible to Join League Fostered by "Y"

Application blanks for membership in the newly organized Appleton Boys Athletic federation have been sent out by R. H. Starkey, physical director of the Y. M. C. A. to all boys between the ages of 12 and 21 in the high, grade, parochial and vocational schools to the Y. M. C. A. boys, Boy Scouts and church clubs. Entry blanks for teams will be made out and teams organized before Wednesday evening.

Between six and ten basketball teams will be organized in each city leagues to be formed. Teams will be arranged according to age, weight, and height of the players. Only members who are classified as normals will be put on teams. A special arrangement for physical work will be outlined for those under weight and under height.

The federation basketball leagues will be officially opened at 10 o'clock Monday morning in high school, and Y. M. C. A. gymnasiums. As many of the games as possible will be played during the holiday recess. Each team will play three times a week until schools resume after the holidays.

HARVEY BRIGHT

"In the space of little over a year I have earned over \$27,000. It has enabled me to pay my way through medical college from which I will graduate next year, to buy a little home for the old folks, and to enjoy some of the pleasures of life for myself," says Bright.

"The ring, however, has no attractions for me unless I can be the champion. It is not my intention to devote my life to it. The medical profession is my goal. Of course, I would like one crack at Kilbane. That's the only crack I must get my chance within the next six months, because as soon as I graduate I shall give all my time to my profession."

Bright has had a rather sensational ring career. His record has been one unbroken string of victories. Rickard offered Kilbane \$40,000 to meet Sieger for the title, an offer which Kilbane declined.

A match was then arranged between Sieger and Bright, in which Bright won a decisive victory. Bright stands only five feet four and one-half inches, but is compactly built, weighing 124 pounds. He can easily make the featherweight limit of 122 pounds.

A number of wealthy New Yorkers stand ready to offer Kilbane \$60,000 for a fight with Bright, but as yet Kilbane has not been heard from.

First Elk Team Formed For Coming State Tourney

If, when you are passing Elk club these evenings, you hear a sound like the crash of a locomotive through a pile of wood, intermingled with guttural shouting and yelling, don't dash inside expecting to see a free for all fight or an explosion of a boiler. It won't be anything more than a half dozen or more boisterous enthusiasts getting a little practice for the state Elk tournament which opens here next February and continues until March.

Chances are pretty good that one of the teams making a lot of noise is composed of A. G. Brusewitz, Black Creek; Mike Mack, Shiocton; J. Garvey, Freedom; Dr. Towne, Seymour; and Jean Healy, Wausau. This quintet of pin smashers was organized principally for tournament purposes and now is looking for the largest in the valley to practice on. It has been announced that the squad will meet any other team in this section of the state—providing a sufficient handicap is given. It was intimated that Little Chute and Combed Locks teams are particularly desirable for practice on and it is probable that the villagers will give them a chance to show what they can do.

Kenosha has sent word here that at least fifteen or twenty teams will take part in the tournament. The Kenosha Elks have asked for March 4 and 5 as their dates in the tournament.

Word also has been received from Milwaukee, Sheboygan, Marshfield, Antigo, Stevens Point, Wausau and Fond du Lac that their lodges will be well represented at the forthcoming tournament. Local officers now are confident that the meet will be the largest in the history of Elk tournaments in Wisconsin.

WINNEBAGO CO. TO HAVE WOMEN ON NEXT JURY

Neenah—Some of the cases on the January Circuit court calendar will be tried before women jurors. Names of between fifty and sixty women of this county have been placed on the list of petit jurors and it is not unlikely that some of these will be on the list of thirty-six to be drawn for service the latter part of this week.

HEILMAN ENDED 1921 SEASON AS LEADING BATTER

Detroit Star Finished 5 Points Ahead of Ty Cobb, His Boss

Ty United Press Licensed Wire Chicago—Harry Heilman, Detroit outfielder, topped the American league in batting for 1921, according to official records announced Wednesday. He had an average of .394 in 149 games.

Just five points separated the Tizer slugger and Manager Ty Cobb, who finished second with an average of .389.

Babe Ruth, aided by his 59 home runs, a new world's record, batted .378 for the season, while Sisler of St. Louis was fourth with a .371 mark. An average of .62 landed Tim Specker of Cleveland in fifth place.

These men are ranked on the basis of greatest number of games played. Davenport of Chicago and Sutherland of Detroit were the sole members of the select 400 class, but figured in less than 400 games, thereby eliminating them from consideration in the final ratings.

Detroit won club hitting honors with a .316 mark, followed by Cleveland, .308; St. Louis, .304; and champion New York Yankees, with an even .300.

More extra base hits were made by clubs than at any other previous time. Of the 12,525 total hits, 2,140 were doubles; 694 triples, and 477 home runs.

It is interesting that Ruth was at bat less times than most of the league leaders. He made 540 trips to the plate, but was given 144 walks. The second player in this respect was Blue, Detroit, with 104 free passes.

Y. M. C. A. INDIANS WIN FIRST GAME OF SEASON

The Y. M. C. A. Indians, formerly known as the Appleton All-Star basketball team won their first home game of the season Friday evening when they defeated the Lone Stars, 22 to 8 in the Y. M. C. A. gymnasium.

Any basketball team in Appleton or vicinity averaging 130 pounds or under which would like games should notify R. H. Starkey, physical director of the Y. M. C. A.

The Indians will play the St. Patrick Boy Scout troop team of Neenah, Friday evening in the Y. M. C. A. gymnasium here.

FRAZEE TRADES TRIO OF STARS TO YANKEE CLUB

Boston Magnate Disposes of Three of the Best Players on His Team

New York—Henry Frazee has the reputation of being the champion seller of baseball and he's living up to it.

Annually as a matter of habit the owner of the Boston Red Sox frisks his club of stars.

His 1922 act beats them all. With one sweep he gets rid of Everett Scott, the greatest fielding shortstop in the game and the star emergency man of baseball; Stuffy McInnis, the greatest fielding first baseman in the game; Sam Jones and Joe Bush, a pair of twirlers that any club in the major league would take.

For them he gets from the Yankees, Roger Peckinpaugh, a slipping shortstop and a trio of second hand pitchers, Jack Quinn, "Rip" Collins and Bill Piercy. For McInnis he gets from the Cleveland Indians, Elmer Smith, a first class outfielder, George Burns, and Joe Harris who is now on the ineligible list.

All parties concerned say there was no cash involved but wise baseball men laugh.

YANKS LOOK GOOD

The Cleveland deal may have been a player-player proposition but the swap with the Yankees obviously carried large cash trimmings.

With Scott, Jones and Bush added to the lineup the Yanks look rather sweet for another pennant in the American league. Huggins needed pitchers badly and now he has a real staff with Mays, Hoyt, Shawkey, Jones and Bush. The club still needs at least one outfielder to work until Babe Ruth and Bob Meusel serve their time. The deal with Detroit for Bob Veatch is still on with the Tigers but Howard Ehmke may drop out of the negotiations unless the Yankees' scouts want all the pitchers in the league.

Eventually the Yanks may consist entirely of Red Sox graduates as the club now has on its roster Ruth, Schang and Hoyt who moved down from the Commons.

Hill has been working out for several weeks to prepare himself for the match and the bout with Elmer Sanders, Ashland, here next Wednesday night. Henry Stoff, middleweight, is working out with Hill.

Sanders, it is said, is determined to put the local wrestler out of the running when they meet here next week.

Today's Sport Angle

It seems the football statisticians have overlooked the best drop kicking feat of the season.

In a record of the long distance kicking feats for the season just closed, it was given out that the one best drop kicking feat of the year was from the 48-yard line.

Robert Plizke of Wyoming was given credit for such a performance, and it was widely heralded as the best of the season. It looks as if the statisticians had kicked one, in conferring such an honor on the western player.

West Virginia Wesleyan lays claim to the honor of having on its team the champion long distance drop kicker of the season. Halfback Lester Radman turned the trick, a kick from the 51-yard line.

The record feat came in the first game of the season against the strong University of West Virginia eleven.

West Virginia Wesleyan was beaten 35 to 3, but the lone "three" points were the source of much joy to the vanquished team.

The West Virginia Wesleyan team didn't get closer to the opposing goal than the 40-yard line, and only on one occasion. After Wesleyan had been held for downs, Radman dropped back to the 51-yard line and booted the ball over the bar.

The kick was not without its sensational features. It was half blocked by an opposing lineman. It carried through, however, struck the crossbar, poised there for a second, and then fell over on the other side of the posts for a field goal.

It is a very interesting fact that the three points scored by this kick were the only ones registered by the West Virginia Wesleyan eleven in the ten games of the 1921 season. Incidentally it was the first field goal Radman kicked in two years.—B. E.

HILL WRESTLES IN OSHKOSH TONIGHT

Local Grappler is Matched to Meet Paul Martinson, the Big Dane

Several Appleton men will go to Oshkosh Wednesday night to see George Hill, champion of Wisconsin, wrestle Paul Martinson, the Chicago Dane, in a finish match. Martinson and Hill each have a victory to their credit and neither has much love for the other.

Oshkosh is quite excited about the bout. It is reported from the Savdust city that the ticket sale is immense, indicating a record breaking crowd.

Hill has been working out for several weeks to prepare himself for the match and the bout with Elmer Sanders, Ashland, here next Wednesday night. Henry Stoff, middleweight, is working out with Hill.

Sanders, it is said, is determined to put the local wrestler out of the running when they meet here next week.

MAKE RAIL KINGS GIVE UP OFFICES

By United Press Leased Wire Washington—The interstate commerce commission Tuesday took the first step toward breaking up the interlocking railroad directorates as directed under the Esch-Cummins law.

In an opinion handed down Tuesday, the commission ordered William Rockefeller, Harold S. Vanderbilt and George F. Baker, three of the biggest railroad men in the country, to give up directorships in two-thirds of the companies of which they hold such offices.

The offices must be given before Dec. 31 of this year.

LETTERS TO LOVERS

For Love Or Money?

By Winona Wilcox

Why a young husband took a wife's checking account away from her was told in yesterday's letter. Apropos of the financial side of matrimony comes a contribution from one who frankly betrays some of the modern girl's set convictions.

The man to whom I am engaged is poor. He spent two years with the A. E. F., and this set him back in business.

"Now my trouble is this: I have always had a good position with a nice salary. I am used to very good clothes. Before I became engaged, I had for friends men who took me to the best places of amusement, hotels for dinners and theaters.

"Now I am the kind of girl who enjoys such things. My nature demands the niceties of life.

"Right here is my problem: A fiance in moderate circumstances and a girl who loves life and fine clothes. You know they never will agree."

"Don't mistake me. I am not a butterfly who demands finery at any cost. I am reasonable, but I know that nowadays on the salaries the young men are making it is very difficult for a young wife to obtain a liberal allowance of the luxuries of life.

"And therefore I am continually at war with myself. I love the man and he is trying his best to succeed under cruel conditions. I have given up going to the expensive amusements, I have not demanded the costly little gifts girls expect from the men they are engaged to.

"But it does hurt; at times I have felt that my heart would break when I know that my girl friends were do-

ing this, or getting that. You know how girls are.

"No matter how unselfish a girl may be, she does like to do what other girls do.

"So there you are! I am not receiving any luxuries now from the man I want to marry and I guess I will not get any more after I am married. Certainly I would be terribly unhappy if I do not marry him, and plainly, I'm going to be unhappy if I marry him!

"All the time I would be trying to make myself contented with my lot in life I would be thinking of the things I couldn't have and the places I couldn't go.

"Some girls, I know, are satisfied with only the society of their lovers. I wish I could feel so, but I positively cannot make up my mind to face poverty. Remember, I honestly love the man.

"Of course, there's a chance that I might marry a richer man whom I do not love. Or of staying in business—and ending up my life alone in some boarding house.

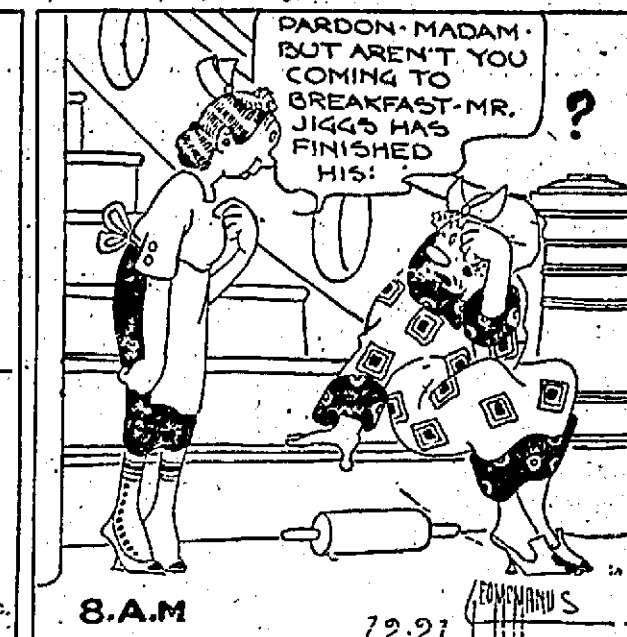

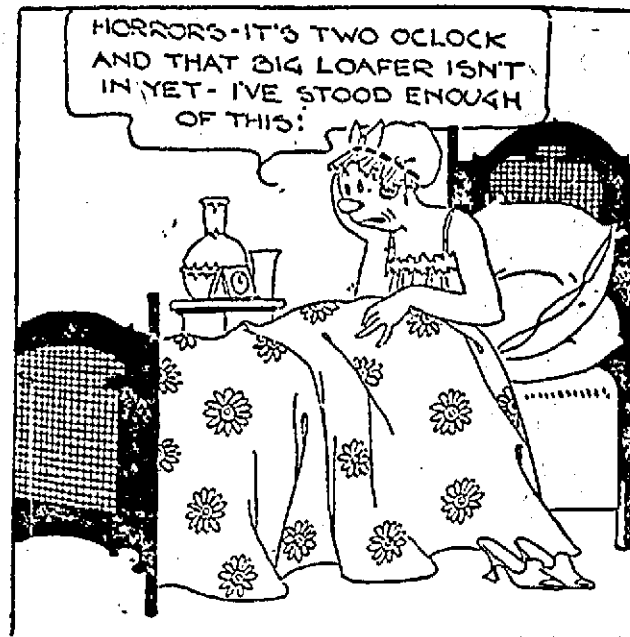

"I have thought this over dozens of times and now I just go round and round it in circles.

"I wondered if girls who have the same hopes, doubts and fears wouldn't let you print some letters about their own experiences.

"There's only one alternative for me, and that is to keep my position after my wedding."

"Thus does the modern girl come up against the need to use choice and will in the shaping of her own destiny. These are the only cures for the average problems of men and women. Denying them, chaos ruins many lives.

Adventures of the Twins

Oliver Roberts Horton

Prisoners

"Oh!" cried Nancy, pulling at the fine white thread that was wrapped round and round her. Nick, too, was tugging with all his might, for he was a prisoner as well as Nancy.

"Do you suppose we're caught in the shrimp-net that the shrimps told us about?" wondered Nancy in dismay. "Do you suppose the shrimps-fishers will pickle us and put us in to cans?"

Nick sniffed. "If they do, we can wish ourselves out with our Magic Green Shoes."

"Then why can't we wish ourselves out of this?" asked Nancy. "I've wished and wished and nothing happens."

"This is different," said Nick. "We can't wish things off of us." "Why don't you take off your hands like we do?" Then the cotton-spinners won't hurt you."

"Goodness!" exclaimed Nancy,

peering through the water. "Who are you, and what do you mean by talking of cotton-spinners and hands? What sort of a creature are you? Your voice sounds familiar."

In a moment a green figure slid into view, a creature with poppy eyes, long feelers, a fan tail and sharp claws as large as all the rest of him.

"Loppy Lobster!" cried both Twins at once. "Did you get through with growing and put on a new shell?"

"Yes," nodded Loppy, looking around uneasily, "and to tell you the truth, this is no place for me after all the pains I've taken to grow."

"Don't you mean all the pains you've had to grow?" asked Nick. "Oh, particles always bothered me in grammar," said Loppy impatiently. "The thing is—where are the cotton-spinners that tied you?"

"My, but you are queer, Loppy!" declared Nancy. "Do tell us what you mean."

New England Dinner

Sometime between Christmas and New Year plan to have a very plain dinner. This not only relieves the strain on one's pocketbook but adds zest to the more elaborate meals.

A New England boiled dinner is economical and nourishing and if carefully prepared might be served to the most fastidious.

Arrange the vegetables around the meat on a large platter in such a way that the vegetables form a garnish for the meat. Be careful that the vegetables are not overcooked and broken or mushy when sent to the table.

And be sure that everything is piping hot. Heat the platter before using and make the dinner plates warm.

Salt pork or corned beef may be chosen.

NEW ENGLAND BOILED DINNER

Two or three pounds of meat, 6 potatoes, 1 head cabbage, 2 parsnips, 4 carrots.

Rinse meat in cold water. Put in kettle to boil with enough cold water to more than cover meat. Bring slowly to the boiling point and simmer three hours. Remove meat and finish cooking in oven in a casserole.

Pare potatoes and cut cabbage in quarters. Cook these vegetables in the water the meat was boiled in. Put the cabbage in 15 minutes before the potatoes as it takes the cabbage that much longer to cook. Scrape parsnips and cut in quarters.

Scrape carrots and cut in halves lengthwise. Cook parsnips and carrots separately in boiling salted water until tender. It takes parsnips from an hour to an hour and a half to cook and the carrots about an hour.

And the next day serve any of the meat that is left sliced cold with catsup.

The dessert to serve with this dinner should be plain. Pumpkin pie, apple pie or old-fashioned apple cake would be quite all right.

OLD-FASHIONED APPLE CAKE

Two cups flour, 1/2 teaspoon salt, 1 1/2 teaspoons baking powder, 2 table-

spoons butter, 1 egg, sweet milk, 6 apples, cinnamon, nutmeg.

Sift and mix flour, salt and baking powder. Rub butter into this. Break egg into measuring cup and fill with milk. Stir with a fork to mix egg and milk and add to first mixture.

Beat well. Spread in shallow pan and cover with apples cut in very thin slices. Sprinkle with a little sugar, cinnamon and nutmeg and bake half an hour in a moderate oven. Serve warm with sugar and cream.

A salad is unnecessary as so many

vegetables are included in the dinner. Home-made pickles might be used to give the pungent touch needed to whet the appetite.

Another plain dessert that might be served after any plain heavy dinner is apple tapioca.

APPLE TAPIOCA PUDDING

One-half cup pearl tapioca, 2 cups boiling water, 1/2 teaspoon salt, 4

THAT RING!

There are often vain regrets because the engagement ring bought many years ago, today is still without what it then lacked—quality in the diamond it contains.

Lasting satisfaction only comes with what is actually good. Our diamonds are selected with thoughtful care.
